To,

Shri Syed Azizur Rahman  
M/s SHRI GANG INDUSTRIES AND ALLIED PRODUCTS LIMITED  
A-26, UPSIDC Industrial Area, Sikandrabad , HARDOI, UTTAR PRADESH, , 226016  
aziz.rahman@surajgrp.com

**Subject:** Grant of prior Environmental Clearance (EC) to the proposed project under the provision of the EIA Notification 2006 -regarding Expansion of Existing 55 Kld Distillery to 66 Kld Grain Based Distillery Plant Along With Co Gen Power From – 2.0 MW to 2.4 Mw Within Existing Premises At B-2/6 & B-2/7 Upsidc Industrial Area, Sandila Phase-Iv, Lucknow Hardoi Road, Tehsil -Sandila, District-Hardoi, U.P., M/s Shri Gang Industries And Allied Products Limited.

**Sir/Madam,**

This is in reference to your application submitted to SEIAA vide proposal number SIA/UP/IND2/470748/2024 dated 27/04/2024 for grant of prior Environmental Clearance (EC) to the proposed project under the provision of the EIA Notification 2006 and as amended thereof.

2. The particulars of the proposal are as below :

(i) EC Identification No.	EC24B2504UP5948490N
(ii) File No.	8957
(iii) Clearance Type	Fresh EC
(iv) Category	B1
(v) Project/Activity Included Schedule No.	5(g) Distilleries EXPANSION OF EXISTING 55 KLD DISTILLERY TO 66 KLD GRAIN BASED DISTILLERY PLANT ALONG WITH CO GEN POWER FROM – 2.0 MW TO 2.4 MW WITHIN EXISTING PREMISES AT B-2/6 & B-2/7 UPSIDC INDUSTRIAL AREA, SANDILA PHASE-IV, LUCKNOW HARDOI ROAD, TEHSIL -SANDILA, DISTRICTHARDOI, UTTAR PRADESH BY M/S SHRI GANG INDUSTRIES AND ALLIED PRODUCTS LIMITED
(vii) Name of Project	

<b>(viii) Name of Company/Organization</b>	SHRI GANG INDUSTRIES AND ALLIED PRODUCTS LIMITED
<b>(ix) Location of Project (District, State)</b>	HARDOI, UTTAR PRADESH
<b>(x) Issuing Authority</b>	SEIAA
<b>(xi) Applicability of General Conditions as per EIA Notification, 2006</b>	No

3. In view of the particulars given in the Para 1 above, the project proposal interalia including Form-2(Part A, B and C)/ EIA & EMP Reports were submitted to the SEAC for appraisal under the provision of EIA notification 2006 and its subsequent amendments.
4. The above-mentioned proposal has been considered by SEAC in its meeting held on 11-07-2024. The minutes of the meeting and all the project documents are available on PARIVESH portal which can be accessed from the PARIVESH portal by scanning the QR Code above.
5. Details of the minerals to be mined along with production capacity and the brief on the salient features of the project as submitted by the project proponent in Form 1 (Part A and B) in the reports and as presented during SEAC meeting are annexed to this EC as Annexure (2).
6. The SEAC, in its meeting held on 11-07-2024, based on information submitted viz: Form 1 (Part A, B and C), EIA/EMP report etc & clarifications provided by the project proponent and after detailed deliberations on all technical aspects and public hearing issues and compliance thereto furnished by the Project Proponent, recommended the proposal for grant of Environment Clearance under the provision of EIA Notification, 2006 and as amended thereof subject to stipulation of Specific and Standard EC conditions as given in Annexure (1).
7. The SEIAA in its meeting held on 12-8-2024 has examined the proposal in accordance with the provisions contained in the Environment Impact Assessment (EIA) Notification, 2006 & further amendments thereto and based on the recommendations of the SEAC in its meeting dated 11-07-2024 hereby accords Environment Clearance for the instant proposal to Shri Syed Azizur Rahman under the provisions of EIA Notification, 2006 and as amended thereof subject to compliance of the Specific conditions as given in Annexure (1)
8. The SEIAA reserves the right to stipulate additional conditions, if found necessary.
9. The Environmental Clearance to the aforementioned project is under provisions of EIA Notification, 2006. It does not tantamount to approvals/consent/permissions etc. required to be obtained under any other Act/Rule/regulation. The Project Proponent is under obligation to obtain approvals /clearances under any other Acts/ Regulations or Statutes, as applicable, to the project.
10. The PP is under obligation to implement commitments made in the Environment Management Plan, which forms part of this EC.
11. General Instructions:
  - a) The project proponent shall prominently advertise it at least in two local newspapers of the District or State, of which one shall be in the vernacular language within seven days indicating that the project has been accorded environment clearance and the details of SEIAA website where it is displayed.
  - b) The copies of the environmental clearance shall be submitted by the project proponents to the Heads of local bodies, Panchayats and Municipal Bodies in addition to the relevant offices of the Government who in turn must display the same for 30 days from the date of receipt.
  - c) The project proponent shall have a well laid down environmental policy duly approved by the Board of Directors (in case of Company) or competent authority, duly prescribing standard operating procedures to have proper checks and balances and to bring into focus any infringements/deviation/violation of the environmental / forest / wildlife norms / conditions.
  - d) Action plan for implementing EMP and environmental conditions along with responsibility matrix of the project proponent (during construction phase) and authorized entity mandated with compliance of conditions (during operational phase) shall be prepared. The year wise funds earmarked for environmental protection measures shall be kept in separate account and not to be diverted for any other purpose. Six monthly progress of implementation of action plan shall be reported to the Ministry/Regional Office along with the Six-Monthly Compliance Report.
  - e) Concealing factual data or submission of false/fabricated data may result in revocation of this environmental clearance and attract action under the provisions of Environment (Protection) Act, 1986.
  - f) The project proponent shall also ensure that the proposed site is not a part of any no-development zone as

required/prescribed/identified under law. In case of violation, this permission shall automatically deem to be cancelled. Also, in the event of any dispute on ownership or land use of the proposed site, this clearance shall automatically deem to be cancelled.

g) Any appeal against this EC shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.

h) The SEIAA reserves the right to revoke the environmental clearance, if conditions stipulated are not implemented to the satisfaction of SEIAA. SEIAA may impose additional environmental conditions or modify the existing ones, if necessary.

12. This issues with the approval of the Competent Authority.

## Annexure 1

### Specific EC Conditions for (Distilleries)

#### 1. Environmental Attributes

S. No	EC Conditions
1.1	<ol style="list-style-type: none"> <li>1. The plants shall be based on ZLD as proposed.</li> <li>2. Effluent will be treated through Condensate Polishing Unit. Raw stillage will be sent to decanter followed by MEE and dryer to produce DDGS.</li> <li>3. The project proponent shall submit plans for handling boiler ash in the compliance report.</li> <li>4. The project proponent shall upload compliance report on their website.</li> </ol>
1.2	<ol style="list-style-type: none"> <li>1. Three tier green belt shall be developed with native species all along the periphery of the project. Site survival rate of green belt developed shall be monitored on periodic basis to ensure that damaged plants are replaced with new plants in the subsequent years (Miyawaki method to be adopted for plantation).</li> <li>2. Performance test shall be conducted on all pollution control system every year and report shall be submitted to Regional office of the MoEF and CC.</li> <li>3. Greening and paving shall be implemented in the plant area to arrest soil erosion and dust pollution exposed soil surface.</li> <li>4. Properly covered vehicles shall be used while transporting material and product.</li> <li>5. Allergy test should also be included in health checkup of works.</li> <li>6. Project proponent is advised to explore the possibility and getting the cement in container rather through the plastic bag.</li> <li>7. Project proponent should ensure that there will be no use of "Single use of Plastic" (SUP).</li> <li>8. The project proponent shall comply with the CPCB charter/guidelines and time to time direction for the distillery unit.</li> </ol>

### Standard EC Conditions for (Distilleries)

#### 1. Specific Conditions

S. No	EC Conditions
1.1	Hazardous chemicals shall be stored in tanks, tank farms, drums, carboys etc. Flame arresters shall be provided on tank farm, and solvent transfer to be done through pumps.
1.2	The company shall comply with all the environmental protection measures and safeguards proposed

S. No	EC Conditions
	in the documents submitted to the Ministry. All the recommendations made in the EIA/EMP in respect of environmental management, and risk mitigation measures relating to the project shall be implemented.
1.3	The project proponent will treat and reuse the treated water within the factory and no waste or treated water shall be discharged outside the premises.
1.4	EC granted for a project on the basis of the submitted documents shall become invalid in case the actual land for the project site turns out to be different from the land considered at the time of appraisal of project. Conversion of land use (CLU) certificate shall be obtained before start of construction activities.
1.5	NOC from the Concerned Local authority shall be obtained before start of the construction of plant and drawing of the surface water for the project activities, State Pollution Control Board / Pollution Control Committees shall not issue the Consent to Operate (CTO) under Air (Prevention and Control of Pollution) Act and Water (Prevention and Control of Pollution) Act till the project proponent shall obtain such permission. No ground water shall be used for the plant operations.
1.6	Total fresh water requirement shall not exceed 985 m <sup>3</sup> /day and it will be met from River Krishna. Prior permission shall be obtained from the concerned regulatory authority/CGWA in this regard, and renewed from time to time. No ground water recharge shall be permitted within the premises.
1.7	The spent wash/other concentrates shall be incinerated.
1.8	CO <sub>2</sub> generated from the process shall be bottled/made solid ice and utilized/sold to authorized vendors.
1.9	Occupational health centre for surveillance of the worker's health shall be set up. The health data shall be used in deploying the duties of the workers. All workers & employees shall be provided with required safety kits/mask for personal protection.
1.10	Training shall be imparted to all employees on safety and health aspects of chemicals handling. Safety and visual reality training shall be provided to employees.
1.11	The unit shall make the arrangement for protection of possible fire hazards during manufacturing process in material handling. Fire fighting system shall be as per the norms. PESO certificate shall be obtained.
1.12	Process organic residue and spent carbon, if any, shall be sent to Cement other suitable industries for its incinerations. ETP sludge, process inorganic & evaporation salt shall be disposed of to the TSDF.
1.13	<p>The company shall undertake waste minimization measures as below: -</p> <ol style="list-style-type: none"> <li>Metering and control of quantities of active ingredients to minimize waste.</li> <li>Reuse of by-products from the process as raw materials or as raw material substitutes in other processes.</li> <li>Use of automated filling to minimize spillage.</li> <li>Use of Close Feed system into batch reactors.</li> </ol>

S. No	EC Conditions
	<p>e. Venting equipment through vapour recovery system.</p> <p>f. Use of high pressure hoses for equipment cleaning etc. to reduce wastewater generation.</p>
1.14	The green belt of at least 5-10 m width shall be developed in nearly 33% of the total project area, mainly along the plant periphery. Selection of plant species shall be as per the CPCB guidelines in consultation with the State Forest Department. Records of tree canopy shall be monitored through remote sensing map.
1.15	As per the Ministry's OM dated 30.09.2020 superseding the OM dated 01.05.2018 regarding the Corporate Environmental Responsibility, and as per the action plan proposed by the project proponent to address the socio-economic and environmental issues in the study area, the project proponent, as committed, shall provide education funds in technical training centers/ support in nearby village's schools, support in health care facilities, drinking water supply and funds for miscellaneous activities like solar street lights, battery, solar panel etc., in the nearby villages. The action plan shall to be completed within time as proposed.
1.16	There shall be adequate space inside the plant premises earmarked for parking of vehicles for raw materials and finished products, and no parking to be allowed outside on public places.
1.17	Storage of raw materials shall be either in silos or in covered areas to prevent dust pollution and other fugitive emissions. All stockpiles should be constructed over impervious soil and garland drains with catch pits to trap runoff material shall be provided. Biomass shall be stored in covered sheds and wind breaking walls/curtains shall be provided around biomass storage area to prevent its suspension during high wind speed. All Internal roads shall be paved. Industrial vacuum cleaner shall be provided to sweep the internal roads. The Air Pollution Control System shall be interlocked with process plant/machinery for shutdown in case of operational failure of Air Pollution Control Equipment.
1.18	Continuous online (24x7) monitoring system for stack emissions shall be installed for measurement of flue gas discharge and the pollutants concentration, and the data to be transmitted to the CPCB and SPCB server. For online continuous monitoring of effluent, the unit shall install web camera with night vision capability and flow meters in the channel/drain carrying effluent within the premises.
1.19	A separate Environmental Management Cell (having qualified person with Environmental Science/Environmental Engineering/specialization in the project area) equipped with full-fledged laboratory facilities shall be set up to carry out the Environmental Management and Monitoring functions.
1.20	PP shall sensitize and create awareness among the people working within the project area as well as its surrounding area on the ban of Single Use Plastic in order to ensure the compliance of Notification published by MOEFCC on 12th August, 2021. A report along with photographs on the measures taken shall also be included in the six-monthly compliance report being submitted to concerned authority.

## 2. General Conditions

S. No	EC Conditions
2.1	No further expansion or modifications in the plant, other than mentioned in the EIA Notification, 2006 and its amendments, shall be carried out without prior approval of the Ministry of Environment, Forest and Climate Change/SEIAA, as applicable. In case of deviations or alterations in the project proposal from those submitted to this Ministry for clearance, a fresh reference shall be made to the Ministry/SEIAA, as applicable, to assess the adequacy of conditions imposed and to add additional environmental protection measures required, if any.
2.2	The energy source for lighting purpose shall be preferably LED based, or advanced having preference in energy conservation and environment betterment.
2.3	The overall noise levels in and around the plant area shall be kept well within the standards by providing noise control measures including acoustic hoods, silencers, enclosures etc. on all sources of noise generation. The ambient noise levels shall conform to the standards prescribed under the Environment (Protection) Act, 1986 Rules, 1989 viz. 75 dBA (day time) and 70 dBA (night time).
2.4	The company shall undertake all relevant measures for improving the socio-economic conditions of the surrounding area. CER activities shall be undertaken by involving local villages and administration and shall be implemented. The company shall undertake eco-developmental measures including community welfare measures in the project area for the overall improvement of the environment.
2.5	The company shall earmark sufficient funds towards capital cost and recurring cost per annum to implement the conditions stipulated by the Ministry of Environment, Forest and Climate Change as well as the State Government along with the implementation schedule for all the conditions stipulated herein. The funds so earmarked for environment management/ pollution control measures shall not be diverted for any other purpose.
2.6	A copy of the clearance letter shall be sent by the project proponent to concerned Panchayat, Zilla Parishad/Municipal Corporation, Urban local Body and the local NGO, if any, from whom suggestions/ representations, if any, were received while processing the proposal.
2.7	The project proponent shall also submit six monthly reports on the status of compliance of the stipulated Environmental Clearance conditions including results of monitored data (both in hard copies as well as by e-mail) to the respective Regional Office of MoEF&CC, the respective Zonal Office of CPCB and SPCB. A copy of Environmental Clearance and six monthly compliance status report shall be posted on the website of the company.
2.8	The environmental statement for each financial year ending 31st March in Form-V as is mandated shall be submitted to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently, shall also be put on the website of the company along with the status of compliance of environmental clearance conditions and shall also be sent to the respective Regional Offices of MoEF&CC by e-mail.
2.9	The project proponent shall inform the public that the project has been accorded environmental clearance by the Ministry and copies of the clearance letter are available with the SPCB/Committee and may also be seen at Website of the Ministry and at <a href="https://parivesh.nic.in/">https://parivesh.nic.in/</a> . This shall be advertised within seven days from the date of issue of the clearance letter, at least in two local newspapers that are widely circulated in the region of

S. No	EC Conditions
	which one shall be in the vernacular language of the locality concerned and a copy of the same shall be forwarded to the concerned Regional Office of the Ministry.
2.10	The project authorities shall inform the Regional Office as well as the Ministry, the date of financial closure and final approval of the project by the concerned authorities and the date of start of the project.
2.11	This Environmental clearance is granted subject to final outcome of Hon'ble Supreme Court of India, Hon'ble High Court, Hon'ble NGT and any other Court of Law, if any, as may be applicable to this project.

### 3. Nbw1 Conditions

S. No	EC Conditions
3.1	The environmental clearance is subject to obtaining prior clearance from the wildlife angle, including clearance from the Standing Committee of the National Board for Wildlife, as applicable, as per the Ministry's OM dated 8th August, 2019. Grant of environmental clearance does not necessarily imply that Wildlife Clearance shall be granted to the project and that their proposal for Wildlife Clearance will be considered by the respective authorities on its merit and decision taken. PP shall also strictly follow the conditions mentioned in existing NBWL clearance.
3.2	The project proponent shall prepare a site specific conservation plan and wildlife management plan in case of the presence of Schedule-1 species in the study area, as applicable to the project, and submit to Chief Wildlife Warden for approval. The recommendations shall be implemented in consultation with the State Forest/Wildlife Department in a time bound manner.

A presentation was made by the project proponent along with their consultant M/s ETRC Consultants Private Limited to SEAC on 11-07-2024.

### **Project Details Informed by the Project Proponent and their Consultant**

The project proponent, through the documents and presentation gave following details about their project –

1. The environmental clearance is sought for Expansion of Existing 55 Kld Distillery to 66 Kld Grain Based Distillery Plant Along With Co Gen Power From – 2.0 MW to 2.4 Mw Within Existing Premises At B-2/6 & B-2/7 Upside Industrial Area, Sandila Phase-Iv, Lucknow Hardoi Road, Tehsil -Sandila, District-Hardoi, U.P., M/s Shri Gang Industries And Allied Products Limited.
2. M/s Shri Gang Industries and Allied Products Limited has obtained Environmental Clearance from State Level Environment Impact Assessment Authority, Uttar Pradesh for 55 KLD Grain based Distillery along with Co gen power – 2.0 MW vide letter Ref no. 554/Parya/SEAC/4450/2018 dated 11/12/2018.
3. The company is operating 55 KLD distillery when 100 % Grain is used as Raw material after obtaining Consolidate Consent to Operate and Authorization from UPPCB under section 25 of the Water (Prevention & Control of Pollution) Act, 1974 and under section 21 of the Air (Prevention & Control of Pollution) Act, 1981 vide consent no. 159599/UPPCB/Unnao (UPPCBRO)/CTO/both/HARDOI/2023 dated 23/12/2023 and is valid till 31/12/2028.
4. Certified Compliance report of existing EC has been obtained from Integrated Regional Office, MoEF&CC, Lucknow vide File no. IV/ENV/UP/Ind-69/641/2023/305 dated 14/11/2023.
5. The total area for the distillery project is 12.17 hectare. The land is already under the possession of Shri Gang Industries and Allied Products Limited. No additional land will be required for the proposed expansion under para 7 (ii) (a) under EIA notification 2006. About 33% of the total Plant Area has been covered under Greenbelt & Plantation i.e. 4.016 hectare.
6. The Distillery is/will be completely based on 'Zero Effluent Discharge'.
7. Grain will be utilised as raw material for proposed expansion. Transportation of raw material will be done 100% through grain suppliers by road.
8. Rate of fresh water requirement for Distillery will be reduced from 10.0 KL/ KL to 8.34 KL / KL of Product.
9. Rainwater will be collected in tanks and pond and utilized in plant activities.
10. Stack of height is approx. 38 m with one existing boiler of capacity 18 TPH Boiler with ESP is being / shall be utilise for reduction in particulate matter and gaseous emission confirming to the CPCB norms. No additional boiler proposed for expansion.
11. Rice Husk / Biomass / Coal used as fuel. During Non-availability of Rice Husk / Biomass, Coal will be used as fuel.
12. In existing industry 33 % green belt has been already provided which is 4.0 ha and same will be maintained after expansion.
13. Project brief:

Project Proposal	Units	Capacity	
	Distillery Plant	Existing Capacity	Total capacity after expansion
	DISTILLERY (PRODUCT NAME: ENA/RS/Ethanol )	55 KLD	66 KLD (Addition of 20 % Increase in Production Capacity)
	Cogeneration Power	2.0 MW	2.4 MW

	Plant		
	BY PRODUCTS		
	CO <sub>2</sub>	42 TPD	48 TPD
	DDGS/DWGS (CATTLE FEED)	30 TPD at 8 - 10 % W/W Moisture	35 TPD at 8 - 10 % W/W Moisture
Screening Category	<p>The proposed expansion project falls in category “B1” under Activity 5 (g) [Grain based Distilleries ≤ 200 KLD] as per EIA Notification, dated 14<sup>th</sup> September, 2006 &amp; as amended on 13<sup>th</sup> June 2019.</p> <p>This report has been prepared in accordance with the guidelines for Granting the Environmental Clearance under para 7(ii)(a) of EIA notification, 2006 for expansion upto 50 % within the existing / mine lease area in three phases ( 20 % , 40 % &amp; 50 %) without additional land acquisition through OM No – IA3-22/10/2022-IA.III[E 177258] dated 11<sup>th</sup> April 2022.</p>		

14. Raw material details:

Raw Material	Existing	Total Quantity after Expansion (TPD)	Storage Facility	Source & mode of transportation
Grain- Broken Rice, Jwar, Sorghum, Bajra, Maize, etc	129 to 135 TPD	160 - 163 TPD	Covered shed	Through grain suppliers by road
Chemicals (kg/day)				
Sodium Hydroxide (Caustic)	185 - 200 kg / Day	222 - 239 kg / Day	Packed in 50 kg bags and stored in godown	Through Supplier within 500 kms.
Nutrients	125 kg / Day	150 kg / Day		
Enzymes	125 kg/ Day	150 kg / Day		
Antifoam Agent	60 kg / Day	72 kg/day		
Yeast (Active Dry Yeast/Distiller's Yeast)	55 kg / Day	66 kg/Day		

15. Power requirement for existing distillery is 1.8 MW. After proposed expansion, power requirement will be 2.2 MW, which is being / will be sourced from the 2.4 MW Co-Generation Power Plant. 750 KVA & 500 KVA DG set has been provided for power backup only. Surplus power will be exported to State Grid.

16. D.G. sets of 750 KVA & 500 KVA has been installed for the power backup.

17. Water calculation details:

Sr. No.	Unit	Existing (KLD)	After proposed expansion (KLD)
1.	Industrial Use (Distillery)	551 KLD (@ 10 KL/KL of products)	551 KLD (@ 8.34 KL/KL of products)
2.	Domestic Use	20 KLD	20 KLD
	Grand Total	571 KLD	571 KLD

Source: Ground water (permission from Ministry of Jal Shakti has been already obtained for abstraction of fresh water.

18. Solid /hazardous waste details:

Sr. No.	Waste	Existing Capacity	After proposed expansion	Uses / Disposal
1	Total Ash	12 MT/Day	12 MT/Day (No change)	Fly ash generated is being / will be provided to brick manufacturer.
2	Condensate polishing unit sludge	0.9 TPD	1.0 TPD	is being / will be provided to farmer as Manure.

3	Cattle Feed DDGS	30 TPD	35 TPD	is being / will be sold as cattle feed.
---	------------------	--------	--------	---

19. Action Plan as per Ministry's O.M. dated 30/09/2020:

CER Activities	Year after Commissioning of the Project (Amount in Lakhs)		
	01 <sup>st</sup>	02 <sup>nd</sup>	Total
1. Skill Development program	4	2	6
2. Adoption of School for infrastructure development like smart classes, library, Laptop, computers, furniture, Toilets RO etc in Village: Bhula Khera	8.2	8.2	16.4
Total	12.2	10.2	22.4

20. The project proposal falls under category-5(g) of EIA Notification, 2006 (as amended).
